PROGRAM NOTES

Aid to Families with Dependent Children (AFDC) This program displayed a mixed pattern during April marked by advances in the number of families requiring assistance and lower expenditure levels. Lower expenditures resulted from greater child support collections, which reached $1,914,987 during April, $335,047 more than the previous month.

There were 52,623 families receiving assistance during April, a monthly gain of 350 (0.7%). The urban (+77) and suburban (+407) counties contributed to this growth particularly within the regular category at +91 and +316 respectively. The monthly level, while not a record, is the highest reported thus far in Fiscal 1985.

Expenditures totalled $23,075,431 representing a decline of $114,990 (0.5%) from March. This reduction occurred within the regular segment (-$206,250, 1.1%) and occurred in the rural counties (-$201,217, -3.5%). This ultimately was moderated by higher payments to unemployed parents in the urban +$51,698 and suburban +$42,712 counties.

This month approvals fell 464 (-12.8%) which is indicative of normal seasonal variation. Reopenings represented 50.4% of the approvals compared to 42.6% for new and 7.0% for transfers between counties. Proportionately, reopenings were more frequent in the suburban counties comprising 58.5% of the total approvals as opposed to 50.0% for the three urban counties and 48.8% for the rural counties. Economic factors such as loss or reduction of employment of the responsible or supporting household member due to lay off, discharge or her/his own initiative or continued absence from the home played a major role in the applications for assistance. These economic factors were responsible for 80.5% of the approvals.

Emergency Assistance (EA) During April the county agencies received additional requests for assistance because of impending utility shutoffs, which could legally occur after April 1st. This contributed to higher caseload and expenditure levels during the month.

There were 1,206 families who received assistance during April. This was 171 (16.5%) higher than March. In the utility category alone 486 families were assisted, an advance of 181 (59.3%). The majority of this growth 148 (81.8%) was in aid to AFDC recipients.

April's expenses totalled $510,384. This was $79,578 (18.5%) higher than March and is $130,299 (34.3%) more than the $380,085 expended one year ago. As with families, most of the month's increase was utility related. Expenses for this category reached $236,722 for a monthly advance of $95,374 (67.5%). Expenditure growth was essentially for AFDC families, +$78,320 (82.1%), with the majority occurring in Hennepin +$24,642 (67.9%), Ramsey +$23,988 (154.7%), and St. Louis $8,014 (155.9%) counties.

Minnesota Supplemental Aid (MSA) Higher recipient numbers and greater expenditures marked this program during April. Recipients totalled 10,462 during the month, 35 (0.3%) above March while expenditures advanced $47,801 (3.3%) to $1,476,159. Monthly performance set new records for recipients and expenditures.

The greatest change occurred within the Disabled category which advanced by 27 cases (0.3%) and $35,410 (3.1%). The recipient growth was essentially urban in character with Hennepin, Ramsey and St. Louis counties, up 24, 27 and 6 recipients respectively. The payment change, however, occurred in Hennepin county +$44,823 (10.9%) and was due to higher costs for current $18,351 and initial $21,051 recipients.

The Aged category also supported the increase rising 9 recipients (0.4%) and $13,211 (5.1%). The recipient change was so general so as to be without focus, however, the expenditure growth was centered in Hennepin county $10,093 (25.9%) and involved current (ongoing recipients $5,461 (14.6%) as well as special needs $2,652 (215.8%).

General Assistance (GA) The total number of persons receiving GA for April 1985 was 39,881. This was 511 (1.3%) more than March 1985 and 19,639 (97.0%) more than April 1984. The average grant (gross dollars) per person for April 1985 was $202.24. This was $4.78 (2.4%) more than March 1985 and $16.42 (7.5%) less than April 1984.

Application activity decreased compared to March. The number of applications received was 9.8% lower and the total applications on hand decreased by 9.8%. The number of applications disposed of decreased by 9.8% to 6,143. Of these 5,168 (84.1%) were approved.

The 5,168 cases added in April brought the total cases eligible to 38,865. This was an increase of 0.6% compared to March. Payments were made for 36,130 (93.0%) of the eligible cases. There were 5,210 cases closed which left 33,655 eligible cases continued to May.

*The sum of the numbers of persons by exemption/referral status is greater than the total number of persons because the count of persons is duplicated in Ramsey County when the status changes during the month.

**The "exempt from referral" counts are slightly inflated. Some persons and payments included here should be included with those "referred to Job Services but not MEED".

***Because MEED referrals terminated on September 30, some of the persons and payments reported as "referred to Job Services and MEED" should be reported as "referred to Job Services but not MEED."

(2) Recipient recoveries represent third-party collections such as health insurance payments, tort recoveries, and estate settlements, which cannot be tied directly to a specific service billing. The dollar values under this category are always negative.

TECHNICAL NOTES

Minnesota Public Assistance Activity Table

Under MA, total Persons Concurrently Receiving AFDC are not included when calculating the total number of persons receiving assistance. This is done to unduplicate the total count since these people are already counted under the AFDC Program.

The GA total net payment data is preliminary and subject to occasional change, so the figures for earlier months may be different from the figures originally published for those months.

Public Assistance Programs: Applications and Cases Table

Application activity for the AFDC Program does not include applications for medical only needs.

Table I

This table does not include cases and payments made under the Emergency Assistance Program.

Table III

The sixteen (16) counties identified by the Census Bureau as metropolitan (i.e., SMSA) are separated into urban and suburban. The urban counties are Hennepin, Ramsey and St. Louis, and the suburban counties are the 13 other SMSA counties. These counties are noted (U) and (S) respectively.

Two multi-county agencies are labelled as follows: F-M-W HSB includes Faribault, Martin and Watonwan Counties; Region VIII North includes Lincoln, Lyon and Murray Counties.

Tables VI & VII

Recipients are people on whose behalf payments were made during the specified month by the State's centralized medical payment system.

Recipients are divided into two categories:

(1) Those whose Medical Assistance eligibility is based on receipt of cash assistance from AFDC, SSI or MSA.

(2) Those whose Medical Assistance eligibility is not based on receipt of cash assistance from those programs (MA-Only recipients).

GLOSSARY

EPSDT	Early and Periodic Screening, Diagnosis and Treatment

PROGRAM NOTES

Aid to Families with Dependent Children (AFDC) This program declined slightly in May to 52,359 cases, a reduction of 264 (0.5%) from the apparent fiscal year high set during April. The largest drop in cases occurred within the unemployed parent segment which decreased by 215 (-2.7%) to 7,646 cases. The reduction in regular cases (-49) was negligible by comparison.

Expenditures totalled $21,772,964, the lowest recorded since October 1984. The reduced expenditure (-$1,302,467) was attributed to an increase of $984,966 in IV-D Collections, fewer cases paid and greater opportunities for seasonal employment. The average grant per case was 5.2% below April's level.

Approvals in May remained relatively stable, rising by only 62 (2.0%) cases. New approvals were 52 (-3.9%) fewer, whereas reopened cases rose by 72 (4.5%), and transfers were up 42 (19.0%) cases. Reopenings surpassed new cases by 369 (28.6%) and comprised 51.7% of the total approvals. Economic factors contributing to the need for assistance fell by only 1.9%. However, loss or reduction of employment of the supporting household member due to lay off or discharge was down 13.4%. Gaining state residency rose from 54 to 88 cases or 70.0%.

In Minnesota there is no requirement for the length of time an applicant must live in the state to become a resident for AFDC purposes. An exception to this rule is an agreement with the state of North Dakota. Under this agreement, an individual who departs from one of the two states to enter the other state shall be considered a resident of the state from which he or she departed for the month of the move and for the following two calendar months. This agreement covers only those who were in recipient status at the time of the move and subsequently made application in the new state.

Emergency Assistance (EA) Expenditures and cases paid surpassed those for all other months in the current fiscal year. Combined costs for April and May already exceed the costs for the January thru March, 1985 quarter. Significant increases occurred in the urban counties of Hennepin (16.9%), and Ramsey (81.4%), the suburban counties of Carver (297.0%), Dakota (130.3%), Scott (95.3%), and Washington (90.2%). In contrast, the rural county expenditures decreased by 22.9%.

The major cause of increased costs was the category of Utiities which grew $96,125 (40.6%) to $332,847. Ramsey county was the greatest contributor to this change with its increase of $76,139 (139.7%). The 643 cases receiving utility aid were 32.3% higher than in April with the majority of the increase being AFDC cases. The average utility payment was $517.65, up $30.47 (6.3%). The sharp rise in utility costs were the result of outstanding utility bills accumulated during the winter months.

Evictions, a cost contributor of lesser importance, was advanced by $40,505 (21.8%) to $266,023. The same counties which contributed to higher Utility costs, with Ramsey excluded, contributed to the cost rise in this emergency. However, despite the cost increase, only nine additional families received aid. Eviction payments rose $21,199 (44.8%) for non-AFDC cases and $19,307 (14.0%) for AFDC cases. The average eviction payments per case was overall $485.03, AFDC $444.98 and non-AFDC $611.61.

Minnesota Supplemental Aid (MSA) This program's performance during May was again record setting. Recipient numbers fell just one short of the 10,600 mark while expenditures reached $1,507,890. These changes were induced by greater activity within the disabled category.

Recipients advanced 137 (1.3%) from May to 10,599. This represented a gain of 438 (4.3%) compared to one year ago. The disabled category alone added 138 (1.8%) recipients during the month. Particularly influential were the urban counties with a gain of 93 (2.2%). Hennepin, Ramsey and St. Louis counties all contributed to the trend with gains of 52 (2.1%), 31 (2.6%) and 10 (1.6%), respectively. The growth was confined to the current and initial categories. The change in the suburban and rural counties was more modest and for the suburban counties were concentrated in Olmsted county which paid 10 additional recipients. The growth within the rural counties, by comparison, was diffuse.

Payments at $1,507,890 were $31,731 (2.2%) more than May and $300,447 (24.9%) ahead of one year ago. Payment growth also occurred in all county types with the greatest increase found in the rural counties at $12,333 (2.1%). This was followed by the urban $10,987 (1.4%) and suburban $8,411 (7.4%) counties. The rural counties were heavily influenced by Cass county which added $8,329 during May because of a sizeable refund-cancellation the previous month which totalled $9,861. The suburban counties were likewise affected, for Olmsted county rose $8,412 because of a $5,372 refund-cancellation in April. The urban county change resulted from higher costs for current cases, corrective, and lower refunds and cancellations.

General Assistance (GA) The total number of persons receiving GA for May 1985 was 38,680. This was 1201 (3.0%) less than April 1985 and 14,975 (63.2%) more than May 1984. The average grant (gross dollars) per person for May 1985 was $200.59. This was $1.65 (0.8%) less than April 1985 and $12.81 (6.0%) less than May 1984.

Application activity decreased compared to April. The number of applications received was 4.6% lower and the total applications on hand decreased by 5.0%. The number of applications disposed of decreased by 4.9% to 5,845. Of these 4,886 (83.6%) were approved.

The 4,886 cases added in May brought the total cases eligible to 38,541. This was a decrease of 0.8% compared to April. Payments were made for 34,993 (90.8%) of the eligible cases. There were 6,010 cases closed which left 32,531 eligible cases continued to June.

*The sum of the numbers of persons by exemption/referral status is greater than the total number of persons because the count of persons is duplicated in Ramsey County when the status changes during the month.

**Because MEED referrals terminated on September 30, some of the persons and payments reported as "referred to Job Services and MEED" should be reported as "referred to Job Services but not MEED."

TECHNICAL NOTES

Minnesota Public Assistance Activity Table	Under MA, total Persons Concurrently Receiving AFDC are not included when calculating the total number of persons receiving assistance. This is done to unduplicate the total count since these people are already counted under the AFDC Program. The GA total net payment data is preliminary and subject to occasional change, so the figures for earlier months may be different from the figures originally published for those months.
Public Assistance Programs: Applications and Cases Table	Application activity for the AFDC Program does not include applications for medical only needs.
Table I	This table does not include cases and payments made under the Emergency Assistance Program.
Table III	The sixteen (16) counties identified by the Census Bureau as metropolitan (i.e., SMSA) are separated into urban and suburban. The urban counties are Hennepin, Ramsey and St. Louis, and the suburban counties are the 13 other SMSA counties. These counties are noted (U) and (S) respectively. Two multi-county agencies are labelled as follows: F-M-W HSB includes Faribault, Martin and Watonwan Counties; Region VIII North includes Lincoln, Lyon and Murray Counties.
Tables VI & VII	Recipients are people on whose behalf payments were made during the specified month by the State's centralized medical payment system. Recipients are divided into two categories: (1) Those whose Medical Assistance eligibility is based on receipt of cash assistance from AFDC, SSI or MSA. (2) Those whose Medical Assistance eligibility is not based on receipt of cash assistance from those programs (MA-Only recipients).

PROGRAM NOTES

Aid to Families with Dependent Children (AFDC) The return of warm weather and the improvement of job opportunities caused this program to decline during June. Families receiving assistance at 52,037 were 322 (0.6%) less than May while costs were down $892,382 (4.1%) to $20,880,582.

June also marks the closing of fiscal 1985, and permits an overview of the growth of this program during the year. The number of families receiving assistance in fiscal 1985 rose an average of 635 (1.3%) per month over the previous period with the growth occurring within the regular segment which advanced by 1,192 (2.8%). In contrast, the number of unemployed parent cases declined 556 (7.3%). Payments in this period totalled $262,588,207, a rise of $22,277,419 (9.3%). The major factors contributing to higher costs were a 5% rise in the basic standard (July 1, 1984), a decline of $5,114,804 in IV-D refunds and the additional cases served. The urban counties of Hennepin, Ramsey and St. Louis accounted for 52.9% of all expenditures and represented 50.7% of Minnesota's recipients. The payment change by county type was urban 9.6%, rural 9.2% and suburban 8.5%.

Eligible caretakers on June 30, 1985, totalled 54,440 compared with 51,955 one year ago, an increase of 2,485 (4.8%). Currently, the composition of eligible caretakers is 15.2% male and 84.8% female. Of the total males 76.1% were married and living with spouse in contrast to 18.7% of the females. Single parents comprised 72.6% of the 54,440 caretakers. The categories of single, never married; divorced and separated without legal action, contained 81.1% of the single parents. Note the table below.

Emergency Assistance (EA) Expenditures in June declined $82,075 (-12.4%), to $577,274 and represented the second costliest month in Fiscal Year 1985. The major factor in reducing costs was the category of utilities which fell $103,182 (-31.0%). Eviction costs remained relatively stable decreasing only -$8,079 (-3.6%). Payments to migrant cases partially countered the trend by increasing from $968 to $36,391. All of the migrant related expense occurred in the suburban (67.1%) and rural (32.9%) counties. The majority of the migrant activity occurred in Clay, Polk, Kandiyohi, Norman and Wilkin counties. All of these with the exception of Kandiyohi border on North Dakota. Kandiyohi is located in the western half and south central part of the state.

Total expenditures for fiscal year 1985 were $5,436,646, and represented an increase of $1,517,765 (38.7%) over the previous year. Evictions accounted for $2,353,607 (43.3%) of the total fiscal year outlay. This emergency need was most prevalent in Hennepin county where $1,332,714 or 56.6% of such costs occurred. The average eviction payment reached $430.51 per case during Fiscal 1985. Expenditures for utilities, the second most common emergency was $2,069,560 or 38.1% of total costs. Utility expenditures reached to $742,668 (35.9%) for Hennepin and $545,362 (26.4%) for Ramsey. These costs for the two urban counties combined totalled $1,288,030 and accounted for 62.2% of all payments for utilities. Of the total fiscal year costs, $3,641,637 (67.0%) was expended for evictions and utilities.

The tables below provide the basic data on Emergency Assistance for fiscal year 1985.

Minnesota Supplemental Aid (MSA) Reductions within the Disabled category contributed to lower activity during June. Recipients numbered 10,551 during the month, a reduction of 48 (0.5%), while Expenditures at $1,443,291 were $64,599 (4.3%) below the previous month.

The Disabled category, the largest in this program, experienced a decline of 50 (0.6%) which encouraged payments to fall by $55,567 (-4.6%). This occurred primarily because of lower initial costs -$30,095 (-22.0%) which was bolstered by greater refunds and cancellations $27,220 (34.4%). This trend was further supported by lower payments both corrective -$4,492 (5.5%) and Special Needs -$7,096 (25.3%). Ramsey county contributed most heavily to the expenditure change with its $23,979 (11.4%) reduction induced by lower initial payments $12,837 (-40.4%) in addition to greater refunds and cancellations $10,546 (-79.2%). The remainder of the Disabled reduction was rural in character and totalled $42,572. Aitkin -$5,281, Cass -$7,832, Freeborn -$3,585, Goodhue -$5,493 and Rice -$6,016 counties were the major contributors to this trend. The Aged category supported the trend with a $8,944 (3.3%) reduction in payments.

Recipients averaged 10,350 per month during fiscal year 1985. This was 332 (3.3%) more than recorded last fiscal year. The Disabled category was responsible for this increase, rising 373 (5.1%) from fiscal year 1984.

Expenditures averaged $1,380,371 during each month of the fiscal year. This was $239,974 (21.0%) per month higher than the previous fiscal year.

General Assistance (GA) The total number of persons receiving GA for June 1985 was 37,307. This was 1,373 (3.5%) less than May 1985 and 11,400 (44.0%) more than June 1984. The average grant (gross dollars) per person for June 1985 was $196.07. This was $4.52 (2.3%) less than May 1985 and $18.68 (8.7%) less than June 1984.

Application activity decreased compared to May. The number of applications received was 0.1% lower and the total applications on hand decreased by 0.6%. The number of applications disposed of decreased by 1.3% to 5,768. Of these 4,860 (84.3%) were approved.

The 4,860 cases added in June brought the total cases eligible to 37,391. This was a decrease of 3.0% compared to May. Payments were made for 33,719 (90.2%) of the eligible cases. There were 5,846 cases closed which left 31,545 eligible cases continued to July.

*The sum of the numbers of persons by exemption/referral status is greater than the total number of persons because the count of persons is duplicated in Ramsey County when the status changes during the month.

**Because MEED referrals terminated on September 30, some of the persons and payments reported as "referred to Job Services and MEED" should be reported as "referred to Job Services but not MEED."

*Work Readiness and GA are indistinguishable in several counties. Therefore, figures for these two programs will require substantial adjustment.
**Dakota County data is estimated for August and September 1985.

TECHNICAL NOTES

Minnesota Public Assistance Activity Table	Under MA, total Persons Concurrently Receiving AFDC are not included when calculating the total number of persons receiving assistance. This is done to unduplicate the total count since these people are already counted under the AFDC Program. The GA total net payment data is preliminary and subject to occasional change, so the figures for earlier months may be different from the figures originally published for those months.
Public Assistance Programs: Applications and Cases Table	Application activity for the AFDC Program does not include applications for medical only needs.
Table I	This table does not include cases and payments made under the Emergency Assistance Program.
Table III	The sixteen (16) counties identified by the Census Bureau as metropolitan (i.e., SMSA) are separated into urban and suburban. The urban counties are Hennepin, Ramsey and St. Louis, and the suburban counties are the 13 other SMSA counties. These counties are noted (U) and (S) respectively. Two multi-county agencies are labelled as follows: F-M-W HSB includes Faribault, Martin and Watonwan Counties; Region VIII North includes Lincoln, Lyon and Murray Counties.
Tables VI & VII	Recipients are people on whose behalf payments were made during the specified month by the State's centralized medical payment system. Recipients are divided into two categories: (1) Those whose Medical Assistance eligibility is based on receipt of cash assistance from AFDC, SSI or MSA. (2) Those whose Medical Assistance eligibility is not based on receipt of cash assistance from those programs (MA-Only recipients).

GLOSSARY

EPSDT	Early and Periodic Screening, Diagnosis and Treatment
HMO	Health Maintenance Organization

(1) This table represents state Medicaid system payments plus payments made by counties to primarily medical vendors not covered by the central payments system. Also, in this table, each person is counted under all service categories for which payment is made in his/her behalf during the year.

(2) Recipient recoveries represent third-party collections such as health insurance payments, tort recoveries, and estate settlements, which cannot be tied directly to a specific service billing. The dollar values under this category are always negative.
